

# Pupil premium strategy statement 2024-2027 BCA

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school. It will be reviewed in September 2025

## School overview

| Detail                                                                                                        | Data                       |

## Part A: Pupil premium strategy plan

### Statement of intent

At Beamont Collegiate Academy, we believe in equality of opportunity for all. Teachers are expected to teach evidence informed curriculum supported by strong pastoral care that results in positive outcomes for all young people. Our intention is that no child is left behind socially or academically because of disadvantage and that all pupils, make good progress and achieve well across the curriculum, particularly in EBacc subjects.

The focus of our Pupil Premium Strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers. The activity we have outlined in this statement is also intended to support all our learner's needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Our pupil premium plan will focus on 5 main areas: raising the outcomes of all students at GCSE including the most vulnerable and SEND. Closing the disadvantage gap with national averages, supporting an improvement in attendance for all including the most vulnerable, support for SEMH and a comprehensive reading strategy to tackle barriers to reading, vocabulary acquisition, literacy and numeracy.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge                                                   |
|------------------|-----------------------------------------------------------------------|
| 1                | Attendance<br>Engagement in school life of parents and carers<br>NEET |

|   |                                                                              |
|---|------------------------------------------------------------------------------|
| 2 | Gaps in knowledge (including reading, vocabulary, oracy skills and numeracy) |
| 3 | Achievement and progress of disadvantaged, SEND, HPAs                        |

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome                                                                                                                                                                                                                                                              | Success criteria                                                                                                                                                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Quality of teaching:</b> Ensure the quality of classroom delivery is consistently good across all departments and that every teacher is supported (through CPD) to keep improving.                                                                                         | Step lab is used to support teacher improvement<br>The weekly CPD programme in place is designed to support high quality delivery of inclusive and adaptive lessons that meet the needs of all learners                                                                                                                                                                  |
| <b>Improved Targeted Academic Support:</b> Use of targeted support (reading interventions, E/M/S tuition at KS4/GCSE support centre and our Endeavour+ revision seminars) to reduce gaps in knowledge and supports all students in making good progress across the curriculum | Continued improvement in the performance of students at grade 4 and 5 across GCSE subjects<br>Continued improvement in the performance of students at grade 4 and 5 in Basics<br>Reduction in the gap in performance between PP and non-PP students in GCSEs in P8 and A8<br>Improved oracy, vocabulary, numeracy and literacy skills demonstrated across the curriculum |
| <b>Wider strategies:</b> reduce the non-academic barriers to success in school – persistent and severely absence and improved parental engagement that culminates in students feeling a sense of belonging through the inclusive culture.                                     | NEET figure at or close to 0<br>Improved attendance of PP students<br>PA of PP students reduces<br>Parental attendance to meetings/reintegration/events improves<br>Strong participation rates in enrichment<br>Staff trained in EBSA strategies                                                                                                                         |

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: 82,189

| Activity                                                                                                                                                                                           | Evidence that supports this approach                                                                                                                                                                                                       | Challenge number(s) addressed |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|
| The delivery and training of staff on White Rose Maths at KS3 to ensure consistency in teaching approaches and foundational knowledge is secured at KS3 so that all pupils are GCSE ready in Maths | (EEF 2021) Guide to supporting School Planning 'A Tiered Approach identifies teaching as the most important factor in improving outcomes for pupils based on high quality instruction, deep subject knowledge and high-quality assessment. | 2,3                           |
| Implementation of the Trust wide 'TCAT Talks' strategy to improve the oracy skills of students across the school                                                                                   | EEF: on average, oral language approaches have a high impact on pupil outcomes of 6 months' additionally progress                                                                                                                          | 2,3                           |
| Embed quality first adaptive teaching through CPD training - rooting our strategies in the classroom in evidence - to ensure the best outcomes for all students                                    | Supporting the attainment of disadvantaged students (DFE 2015) suggests high quality teaching is the key to successful schools                                                                                                             | 2,3                           |

|                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| <p>Provide Reading Intervention programmes at KS3 and 4 to support language development and literacy that include:</p> <p>Lexonik Leap<br/>Lexonik Advance<br/>BCA Reading curriculum<br/>BCA Reads tutor program.</p> | <p>EEF cite the work of Jerrim and Moss (2018) who state that reading is a predictor of long-term academic success. By bringing 'reading' into our curriculum provision as a distinct subject we hope to build on the work done in English on comprehension strategies to help students understanding of texts.</p> <p>EEF Improving Literacy Guidance Report (2019) recommends vocabulary instruction</p> <p>DFE Learning Loss (2021) 7% gap in reading between Dis. and non-Dis.</p> | 1,2,3 |

### Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 73,534

| Activity                                                                                                  | Evidence that supports this approach                                                                             | Challenge number(s) addressed |
|-----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|-------------------------------|
| Year 11 GCSE Tuition Programme (including remote revision support sessions) in English, maths and Science | As outlined in the EEF document, tuition can be effective in delivering 5 additional months progress on average. | 2, 3                          |

|                                                                                              |                                                                                                                                                                                                                                                                                                                                                |       |
|----------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| NGRT screening/YARC                                                                          | <p>Regular tracking will help diminish the gap in reading ages for PP and non-PP</p> <p>Use of data to inform prescriptive reading comprehensive strategic approach during RC lesson - EEF suggest up to +6 months progress</p> <p>DFE Learning Loss (2021) 7% gap in reading between Dis. and non-Dis. and in NW lost 2 months of reading</p> | 1,2,3 |
| KS3 Literacy Lexonik Programme of literacy intervention for students who are below 85 on SAS | <p>Over a 1/3 of students on entry in year 7 have a SAS reading score of below 100. The research of this approach to reading shows potential gains of 27 months over a 6 x 1 hour course. (Lexonik)</p> <p>DFE Learning Loss (2021) 7% gap in reading between PP and non-PP and in NW lost 2 months in reading</p>                             | 1,2,3 |
| Deliver subject specific interventions at breakfast/after school for Year 11 students        | EEF suggest +4 months progress based on small group tuition                                                                                                                                                                                                                                                                                    | 2,3   |
| Provide Holiday/Saturday revision sessions across all GCSE subjects                          | Evidence suggests the use of 'metacognitive strategies' – which get pupils to think about their own learning – can be worth the equivalent of an additional +7 months' progress when used well.                                                                                                                                                | 2,3   |

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: 266,663

| Activity                                                                                                                                                                                                                                      | Evidence that supports this approach                                                                                                                                                                                                                                                    | Challenge number(s) addressed |
